Work Experience

April 2022 - July 2022 **Website developer, Tohey Technologies PLC**
Worked as a website developer for Tohey Technologies PLC , an Addis Ababa-based company, for four months. Collaborated with a team to develop and maintain websites using various technologies

Jan 2021 - present **Freelance Web developer**
As a freelance web developer, I have developed websites for a variety of clients with different needs and requirements. I have acquired clients through various channels, including Upwork, social media job postings, and direct outreach. Each project has allowed me to improve my ability to meet client needs efficiently and effectively. Through my freelance work, I have demonstrated my self-motivation and adaptability, as well as my ability to work on multiple projects simultaneously.

Education

2018 - 2023 **BSc in Electrical and Computer Engineering**
Studying Electrical and Computer Engineering (ECE) at Addis Ababa Institute of Technology (AAIT), Addis Ababa University (AAU), has prepared me to pursue a career in this constantly evolving and impactful field. With a strong foundation in both electrical engineering and problems and contribute to technological advancements.

Mar 2023 - June 2023 **Dereja Academy**
Dereja Academy enhances the skills of transitioning individuals with a focus on Personal Development, Communication skills, Emotional Intelligence, and Critical thinking - areas often overlooked in formal education. It provides a competitive edge in the job market and prepares individuals for success in their chosen profession.
