Work Experience

Mar 2022 - Jun 2022 Website developer, Tohey Technologies PLC

Worked as a website developer for Tohey Technologies PLC , an Addis Ababa-based company, for four months. Collaborated with a team to develop and maintain websites using various technologies

Sep 2023 - Jan 2024 Full Stack Developer , Addis Ababa University Project team

Successfully led and managed the development of a comprehensive software solution for the Institute of Foreign Affairs. Oversaw the end-to-end design, development, and implementation of software applications, utilizing Jira for project management and Angular and .NET for development.

Jan 2024 - present Software Developer , Bank of abyssinia

I am currently a Software Developer at the Bank of Abyssinia, responsible for coding projects initiated by the bank. My duties involve developing and maintaining software solutions aligned with the bank's technological needs and objectives.

Education BSc in Computer Engineering (3.62)

2018 - 2023

My education in Computer Engineering at Addis Ababa University (AAU) has prepared me for a career in this dynamic field. I'm particularly passionate about programming and software development. AAU's rigorous curriculum has given me a strong foundation to address real-world challenges and contribute to technological advancements, all while focusing on my passion for coding.
